

California Shore & Beach Preservation Association

(CSBPA) is the state chapter of the American Shore & Beach Preservation Association.

CSBPA seeks to foster dialogue and cooperation on California shore and beach issues, including but not limited to:

- shore and beach processes
- coastal geomorphology
- coastal wetlands
- ports, harbors and marinas
- beach nourishment
- shoreline protection
- coastal recreation
- monitoring and mitigation

CSBPA Activities:

- Conferences – e.g. H2O, Coastal Conditions (Bodega Bay in 2018)
- Awards/Scholarships:
 - High School – Science Fair Awards for Coastal Projects
 - College Graduate School – Scholarship for Coastal Studies
 - Professional – Recognition of outstanding Coastal Professionals
- Community outreach / education
- CSBPA is working on how to best serve the needs of the California coastal community and we welcome your inputs.

We would love to have you as an CSBPA/ASPBA member. You can visit our website asbpa.org/california/ for more information or please reach out to me if you have any questions.
