California Shore & Beach Preservation Association

CSBPA is the state chapter of the American Shore & Beach Preservation Association

CSBPA seeks to foster dialogue and cooperation on California shore and beach issues, including but not limited to shore and beach processes, coastal geomorphology, beach nourishment, living shorelines/nature-based solutions, shoreline protection, coastal wetlands, coastal recreation, monitoring and mitigation.

CSBPA Activities:

- Conferences (H2O, Coastal Conditions)
- Webinars
- Awards/Scholarships:
  - High School – Science Fair Awards
  - College Graduate School – Scholarships for Coastal Studies
  - Professional – Recognition of outstanding Coastal Professionals
- Snap the Sand
- Community outreach / education
- Advocacy for state and regional programs and funding
- "Through the Lens of Orville Magoon" website – please visit the website and contribute your stories

CSBPA is working on how to best serve the needs of the California coastal community and we welcome your inputs.

We would love to have you as a CSBPA/ASPBA member. You can visit our website asbpa.org/california/ for more information or please reach out to me if you have any questions.

Doug George, CSBPA President
