

GLASBPA Teleconference 01 | Minutes

Date: 7/31/2018

Time: 3:00PM Central

Location: Teleconference

Meeting chair: Peter Truax

Type of meeting: Teleconference

Minutes prepared by: Peter Truax

Attendees: Jack Cox, Larry Malizzi, Rachel Malburg, Brian Hinzenberger, Derek Brockbank

Regrets/Absent:

Minutes

Agenda item: Fall Conference

Presenter: Peter Truax

Discussion:

Initial conference date set for Tuesday November 13th, however this is the day after a Federal holiday and many federal employees would be unable to attend the conference. Date to be reconsidered. A copy of the email list was requested.

Agenda item: Sediment Issues

Presenter: Peter Truax

Discussion:

Sediment issues were brought up as an open discussion topic. It was noted that this could be a subject for a panel discussion at the conference. Jack Cox brought up that asbestos debris is a particular issue for him at a site in Illinois. Compounding the difficulty of managing this, jurisdictional issues prevent rational solutions from being implemented. It was also noted that the USACE is in the process of releasing a Great Lakes National Shoreline Management Study.

Meeting Adjourned: 4:00PM Central

Next Meeting: Friday, August 31st, 2018 3:00PM Central

Special notes:
