

## Citation Installation Instructions

Shore & Beach has a unique reference style. We have created an output style for EndNote to help facilitate the reference process. These styles are limited by software functionality and do not replace the submission guidelines. Note, only desktop versions of EndNote allow you to add and customize styles.

### EndNote

For more information on Endnote and how to add output styles visit:

To download the file:

Right click Here and "Save As"

To install the file:

Option 1) Save the file in your EndNote Style library: C:\Users\<<Your User Account>\My Documents\EndNote\Styles

Option 2) Navigate to the downloaded file and double click. EndNote should open automatically.

1. In *EndNote*, go to the "File" menu and choose "Save as."
2. Remove the word "copy" from the end of your style's name, and then click the Save button.
3. Click on the "File" menu and choose "Close Style."
